CHICKEN CHATTER

WHAT T. E. QUISENBERRY WRITES TO THIS PAPER.

TO HAVE 'ROOSTER' DAY

Poultry Raisers of Missouri Can Now Go to School and Stay at Home at the Same Time.

T. E. Quisenberry, director of the Missouri poultry experiment station, Mountain Grove, Mo., writes:

Now that "Hen day" is past, the next big day in the poultry world will be "Rooster day," which will be observed on Saturday, June 6th. "Swat the Rooster" will be the slogan on Rooster day. The rooster is the direct cause of a loss to Missouri farmers and poultry raisers alone of fully three million dollars every summer, a loss that could be prevented by the simple expedient of getting rid of the adult male birds as soon as the hatching season is over. It is the fertile egg that spoils in hot weather. An infertile egg will keep for weeks, even when subjected to a high temperature for weeks at a time. A general observance of "Rooster day" throughout the state will make Missouri eggs sought after in the fancy egg markets of the world, and will add millions to the income of our poultry raisers.

Poultry raisers of Missouri can now go to school and stay at home at the same time. A complete correspondence course of twenty-four lessons in poultry husbandry is now offered by the state poultry experiment station to any resident of the state of Missouri. No charge is made for lessons, but a fee of \$7.50 cash in advance, or \$10 monthly payments of \$1 each, is made to cover the expense of grading the questions, taking care of the correspondence, etc. This is the most complete, thorough and practical course in poultry husbandry ever offered, and Missouri poultry raisers are fortunate in having access to it.

Millions of baby chicks die every summer, due to improper methods of feeding. Some of the most common mistakes in feeding are: Feeding too soon after hatching, feeding too freely, feeding wet feed or feed containing too much grit at the start instead of sand, etc.

The following is the most successful plan we have found thus far for starting baby chicks:

We sprinkle a little clover alfalfa, shredded alfalfa, fire-cut straw, or clean litter, free from must and mold, over the floor of the brooder or hover before the chicks are placed in it. We provide a small fountain of sour milk or buttermilk for at least the first half of the day, and water may be provided for the last half. If you cannot get the milk, then see that pure water is always before them. We prefer sour milk to sweet milk for the reason that much bacteria which we find in the intestinal tract cannot grow and develop in sour milk or buttermilk, but sweet milk hasn't this same effect. The chickens take to this as naturally as a baby takes to milk. The acid of milk aids digestion, kills bacteria, and has an appetizing effect. The chicks are not fed for forty-eight hours or more after they are hatched. Don't feed too soon. Give the chicks time to assimilate the yolk of the egg which contains enough food to last them several days.

Begin by feeding a mixture of two-thirds rolled oats and one-third wheat bran mixed with a small amount of charcoal. Oatmeal is the finest food known to give young animals. This is fed on a clean board or paper four or five times a day and only a small quantity fed at a time. Clean sand is given about the time the first feed is given, and no grit is given before. We think the sand is better to start chicks with than commercial grit, if it can be secured, and if not, then use fine commercial grit. Use the grit not too freely until chicks are at least ten days old. After the chicks are four days old and you have been feeding them rolled oats and bran for a day or two, we begin to add a little commercial chick feed to the above mixture and gradually increase this until the rolled oats and bran are eliminated from the first or grain feed. The rolled oats and bran are fed morning, noon and night, and a good grade of commercial chick feed is thrown into the litter between meals. This compels the little fellows to exercise, and they soon begin to scratch as vigorously as if they had been at it for many weeks. You can almost see them grow and develop, and become active and husky. At the age of four days,

or five days begin to feed a dry mush made as follows:

Two parts wheat bran.
One part shorts.
One part corn meal.
One part rolled oats or oatmeal.
To every hundred pounds of the above mixture we add a handful of fine charcoal, a handful of bone meal and a half pound of fine table salt, mixing it in thoroughly.

When the chicks are about six weeks old, their ration of chick feed and rolled oats can be gradually changed to cracked corn, wheat and kaffir corn.

STATE AUDITING LAW.

Gordon to Push Amendments to Statute That Has Saved the State a Half Million.

The new law empowering the state auditor to appoint special examiners to check up state institutions and county officers probably will be amplified by the next legislature. State Auditor Gordon said today the statute has saved to the state nearly \$500,000.

In his report to the next general assembly Mr. Gordon will recommend an amendment to the law providing for a uniform system of county books and records and requiring the accounts to be audited at least once every two years.

As the law stands an audit, with the exception of the books of the collector of revenue, can be made only on petition of 300 tax paying citizens.

Even with this limitation there are more calls for county audits than the six examiners can make. The examiners have audited the accounts of all except one of the state educational and eleemosynary institutions, and introduced a uniform system of accounts.

A law requiring a uniform system of keeping books and records in the counties will be recommended. Examinations show many diverse and cumbersome methods in vogue, making it difficult to check up.

The examinations have disclosed violations of the laws through ignorance or misconstruction of the statutes.

Audits have been made by Mr. Gordon's accountants in the following counties: Douglas, Audrain, Howell, Jasper, Mississippi, St. Louis, Scott and Wright. In St. Louis county the amount found due the county and the state officers was in excess of \$500,000.

FEDERAL LAW IN FORCE.

U. S. Attorney So Advises James E. Boggs, Circuit Clerk.

A number of duck hunters who are interested in the federal migratory bird law and who have been misled by statements in newspapers, appealed to Judge James E. Boggs, clerk of the circuit court, for an interpretation of the law, and as to whether it is being enforced by the federal government. Judge Boggs did not feel qualified to answer the questions and wrote Federal Attorney Francis M. Wilson at Kansas City. Mr. Wilson replied as follows:

Kansas City, Mo., March 21, 1914.—Mr. James E. Boggs, Columbia, Mo. Dear Sir: Replying to your letter of March 19th, I beg to advise that what is generally known as the "federal migratory game bird law" is in full force and effect. This being a regulation of the department of agriculture, violators of this law will not doubt be proceeded against by the request of that department—on information secured from its special agents whom, I understand, are actively investigating violations of this law—transmitted to the attorney general and by him conveyed to this office for official action. Yours truly,

FRANCIS M. WILSON,
United States Attorney.

Visited Sick Daughter.

Mr. and Mrs. D. T. Dalrymple of near Pickering visited in Maryville Tuesday with their daughter, Amanda, who is a patient at St. Francis hospital. She is being treated for an abscess of one lung.

On Visit to Miss Stahl.

Miss Verlinde Eichmiller left Wednesday morning for Liberty, Neb., for a few days' visit with Miss Vena Stahl, who has frequently visited Maryville as the guest of Miss Dorothy Pierce.

Miss Charlotte Wright of the Normal training school went to her home in Union Star Wednesday for a few days.

MANY WILL WRITE A BUILDING BOOM

SCHOLARSHIPS TO BE OFFERED TO THOSE TAKING EXAMS.

TO BE HELD APRIL 10-11

Expected That 400 Will Take These Eighth Grade Examinations Given in Various Townships.

A number of scholarships will be offered to those who will write the eighth grade examination to be held in the various townships over the county on April 10 and 11. It is expected that 400 will take the examination. The one receiving the highest grade will have his choice of the scholarships, the second one the second choice and so on.

The scholarships are offered by the Maryville Conservatory of Music, Maryville Business college and the high schools of the county. The objects of the scholarships are to stimulate greater school spirit and encourage boys and girls to continue educational work beyond that given in the grades. The rural pupil who makes the highest average grade will receive the first choice of scholarships; the second, the second choice, etc.

The following scholarships are offered to rural pupils:

Four years free tuition in the Maryville high school.

Two years free tuition in the Maryville high school.

Fifty-five dollars free tuition in the Maryville Business college.

One term's free tuition in the Maryville Conservatory of Music.

Hopkins offers two scholarships to the pupils of Hopkins, Union, Independence and Atchison townships.

Two years free tuition in the high school for the pupil making the highest average grade.

One year's free tuition in the high school for the pupil making the second highest average grade.

Burlington Junction offers two scholarships to pupils of Nodaway, Green, Lincoln and Atchison townships.

Three years free tuition in the high school for the pupil making the highest average grade.

One year's free tuition in the high school for the pupil making the second highest average grade.

Parnell offers two years free tuition to the pupil of Independence township making the highest average grade.

Ravenwood offers two years free tuition to the pupil of Jackson township making the highest average grade.

Clearmont offers one year's free tuition to the pupil of Atchison township who makes the highest average grade.

Pickering offers two scholarships to the pupils of Union township:

Three years free tuition to the pupil making the second highest average grade.

One year's free tuition to the pupil making the second highest average grade.

Skidmore offers two one-year scholarships, one each for the boy and girl who make the highest average grade in Monroe township.

Graham offers two one-year scholarships, one each to the boy and girl who make the highest average grade in Hughes township.

A Correction.

In yesterday's Democrat-Forum mention was made that the Star moving picture theater was sold by John B. Cox to George Gordon of Davenport, Ia. It should have been that the theater was sold by Mrs. Floyd Miller to Mr. Gordon, as Mrs. Miller has been the owner of the theater. Mrs. Miller's father, John B. Cox, is the owner of the building where the theater is located. The Star theater has been opened since last July and has shown excellent pictures.

Byron Rhoades and Glade Bradley were business visitors in Albany Wednesday.

A BUILDING BOOM

IN MARYVILLE THIS SPRING AND SUMMER.

MANY GOING TO BUILD

Contractors Are Expecting Many Fine New Houses to Be Erected Within the Next Few Months.

The indications are that there will be a building boom in Maryville this spring and summer, as at this time there are a number who have let their contract or are contemplating building. The contractors say that this is a little early in the season, and if they are so many now the chances are that there will be more residences go up this year than there have for several years past.

More residences are needed in this city. People who are wanting rented property are unable to get it here, and there have been any number of families who wished to live in Maryville that had to go elsewhere on account of not finding modern houses to rent.

All of the contractors are figuring on a busy building season.

The following are a number who have either let their contract or are figuring strongly on building this spring:

Harold Bellows, a \$4,000 residence with modern improvements, on his farm, southwest of Maryville. The house will be built on the south side of the road.

E. D. Holmes, two residences on the Briggs lots, on East Seventh street, which he recently purchased, and also two residences on the old Parle property, on East Thompson street.

John C. White, a \$3,500 house on his farm, northwest of Maryville.

Joseph Everhart, a \$2,800 house on East Sixth street.

William Gray, a residence on West Fourth street, east of E. L. Ferritor.

Ed Fannon, a \$5,000 house on North Walnut street.

R. P. Hosmer, a \$4,000 house on West Third street.

Mrs. Lincoln Hook, a residence on South Main street, south of Mrs. Mary Keeler.

Alex Gray, a \$3,000 house north of the city.

Dr. A. B. Allen, a \$3,000 residence on the Prather lot on West First street, which he recently purchased.

Ed Otis, two residences on Dewey street, between First and Second.

Irvin Bartram, a \$4,000 house on the corner of Market and Edwards streets.

Emmett Scott, a \$2,500 house on North Fillmore street.

Leonard Epperson, one mile south of town, a \$2,500 house.

E. E. Bolin, eight miles south of town, is going to extensively repair his house.

F. M. Compton, a \$4,500 house on North Main street, south of Henry Wright.

Prompt Insurance Payment.

Raines Brothers have had opportunity to test the word of an insurance company, and to their entire satisfaction, too. On the 23d day of February last Mr. H. L. Raines sold a watch to O. W. Hawk of Parnell. As a little work was to be done on the watch Mr. Hawk went home that day and Mr. Raines sent the watch to him later. On the 9th day of March Mr. Raines received word from Mr. Hawk saying he had not received his watch. Mr. Raines reported the loss to the Insurance Company of North America, in which the watch was insured when sent to Mr. Hawk, and tracers were sent to work at once to find it, but it was not found. On Monday, March 23, the insurance company sent a check for the value of the watch to Mr. Raines through the Sisson Land, Loan and Title company, who had written the insurance for Mr. Raines.

Mrs. Frank Reavis and son and Miss Coga Thummell went to Parnell Wednesday on a visit to Mr. and Mrs. A. A. Thummell.

A. J. Conley of Chicago was a city visitor Wednesday.

GOT A HEAVY FINE.

Charles Bramble Given \$100 Fine for Molesting—Was Then Paroled If He Would Leave City.

Charles Bramble was up again before Mayor Robey this morning. The charge was molesting, and Mayor Robey gave him a fine of \$100 and costs. Bramble being unable to pay the fine was paroled on condition that he would stay away from Maryville for a year. He did not know this afternoon whether to accept the parole. If he doesn't he will work for the city for the next few months.

ANOTHER COMMON ASSAULT CASE

Took Place at Guilford on the Same Day and Circumstances Identical With Elmo Case.

This is certainly a coincidence. There was a common assault case at Guilford last Thursday, on the same day as there was a common assault case at Elmo. The circumstances of the trouble were the same and the weapons used were the same and the trouble took place about the same time. The parties are of about the same age.

The Guilford case was that of Scott Cogdill, charged with making an assault on Jacob M. Clemmens. A hammer was used, it is said. The Elmo case was that of Charles Wood being arrested, charged with common assault, I. M. Morgan being the prosecuting witness. A hammer was used, it is said, in that case.

Cogdill gave bond for \$200 for his appearance at the April term and so did Wood.

EVERHART SALE CALLED OFF.

Case of Scarlet Fever Causes Postponement of Sale Indefinitely.

Joseph Everhart of Pickering, who announced his sale for March 30, has called it off indefinitely.

When Mr. Everhart came to Maryville Tuesday afternoon to make further arrangements in regard to his sale, he was told of the illness of his daughter, Miss Minnie Everhart, a Normal student, who was taken with sickness that afternoon at the home of D. H. Anderson. The physician summoned pronounced it scarlet fever.

Mr. Everhart phoned the news to Mrs. Everhart at once, and she went to work at once to prepare a room for her during her illness of the fever, and Mr. Everhart took his daughter home in his car Tuesday evening.

They had scarlet fever in their family several years ago and are not afraid of the disease, as they know how to care for it.

Mr. Everhart came to The Democrat-Forum office Tuesday afternoon to stop the advertisement of his sale, but was too late, as the paper was being printed.

A phone message Wednesday afternoon from the Everhart home to The Democrat-Forum assures us that Miss Everhart is doing nicely. She ate heartily of breakfast and is employing herself with fancy work.

POLITICAL NOTES.

(From Democratic Press Bureau.)

Lost, strayed or stolen, the man who knew that prices of farm products would drop with McGinty to the bottom of the sea just as soon as the robber tariff barons were made to let loose their grip upon the throat of the American consumer. The tariff law is months old and prices are still soaring. Why a Missouri hen sold for \$500 the other day. Mules bring \$500 and \$600 a pair, hogs go at 8 cents a pound, a load of fat Monroe county cattle brought \$138.85 per head last week, and everything else in proportion. Guess Old Calamity Howler must have gone into his hole and pulled the hole in after him.

Ex-President Taft says that Wilson and the Democrats are carrying out their promises so well that the party will probably be continued in power indefinitely. He pays a tribute of high praise to congress and the president, all of which means that Taft has his ear close to the pulse beat of the American people.

Judge Norton says that the Republican elephant is dead, but that it is his understanding that it is still masquerading round on earth in order to save funeral expenses. Since Stifel has been sued for the dying expenses of the elephant there is no one to guarantee the decent interment of the beast.

Mrs. Madie Johnson of Hopkins was taken to Ensworth hospital at St. Joseph Wednesday morning by her physician, Dr. Charles Kirk.

Mrs. Will Derickson and daughter of Blanchard, Ia., were in Maryville Wednesday on their way to Bedford, Ia., to visit Mrs. Derickson's daughter, Mrs. C. E. Anderson.

F. A. CHANEY DEAD

PASSED AWAY AT 1:30 O'CLOCK WEDNESDAY.

WAS SICK TWO MONTHS

A Business Man of Hopkins For Past Fifteen Years and Held in High Esteem by All.

Frank A. Chaney, for the past fifteen years a leading business man of Hopkins, died at 1:30 o'clock Wednesday afternoon at his home in East Hopkins, after an illness of two months.

The funeral arrangements have not been completed as word is being waited for from relatives at a distance.

Mr. Chaney was 45 years of age. He was a son of the late David L. Chaney, a prominent educator of Northwest Missouri and a former superintendent of the Maryville public schools. He attended the high school in Maryville during his father's service as superintendent. With the exception of that time in the Maryville schools, his entire life was spent in Hopkins. He was always in favor with everyone, and during the fifteen years he had engaged in the grocery business in his home town, he was held in the highest esteem by his fellow business men. He is survived by his wife and four children. His eldest son, Glenn Chaney, is a traveling salesman for Nave-McCord of St. Joseph; and the other children are Fern, Linn and Phil, at home. His mother, Mrs. D. L. Chaney, also survives with six brothers and four sisters.

YOUTH IN OLD AGE.

Possible With Proper Care.

A few generations back a man at 50 was considered old, gray-bearded, and waiting for death. Note the change today; at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have forty good years ahead of him, and thus at 90 he is in the fullness of maturity.

What if you have seen sixty, or even seventy birthdays—temperate habits, fresh air and exercise, with a simple diet and a sufficient amount of sleep will guard your health.

If perchance your circulation is poor, if you become run down—weak and no appetite—nothing in the world will tone up those tired back-sliding organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic, Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

by Miss Myrtle Conley, a sister of the bridegroom. The bride was very pretty in her wedding gown of white messaline, with draped overskirt of shadow lace and bead trimming. Her only ornament was her wedding ring. Attending the bride and groom were Miss Myrtle Lanning and Floyd Conley. Miss Lanning wore a rose-colored messaline with overdress of black silk net. Immediately after the ceremony a four-course wedding luncheon was served to the company, which included Mr. and Mrs. Verlin Conley, Mr. and Mrs. J. C. Lanning, Miss Myrtle Lanning, Leslie and Merrill Lanning, Mr. and Mrs. J. M. Conley, Miss Myrtle Conley, Floyd Conley, Clair Conley of Omaha, Mr. and Mrs. W. P. Conley and Miss Grace Conley of Council Bluffs, Misses Alma and May Mahoney, Pat Growney, Jr., Charles Maffitt and Miss Lulu Headrick of Maryville, Mr. and Mrs. J. E. Ackey and family and Miss Mabel Moore of Barnard, Mr. and Mrs. Alfred Hunt, Mr. and Mrs. Alva Hunt, Mr. and Mrs. Emery Hunt and Mr. and Mrs. Earl Gay of Ravenwood, Mrs. H. E. Reece and Mr. and Mrs. C. A. Wilkerson of Kansas City, Mr. and Mrs. J. R. Reece of Bellevue, Kan.; Mr. and Mrs. Ellis

Thompson of Guilford, Mr. and Mrs. J. M. Broderick of Wyandotte, Okla., and Mr. and Mrs. Ed Berry of Gem, Kan.

The bride and groom will be at home in a few days on the Conley farm, four miles east of Maryville. The groom is a son of J. M. Conley of this city, and the bride the youngest daughter of Mr. and Mrs. Lanning. She is a member of Miss Alma Nash's Missouri Ladies Military band and is an accomplished musician. The young people have the good wishes of many friends.

SEVEN HUNDRED FEDERAL DEAD

No Report Made Public of Losses of Insurgents

BATTLE CONTINUES AT GOMEZ

Official Dispatch Received at Chihuahua Says Fighting Is Still On—Follows Rumors of Victory and Dampens Juarez Enthusiasm.

Juarez, Mex., March 25.—Reports of the onward sweep of General Francisco Villa and his victorious rebels kept this city in a state of gratified excitement, but the optimism was dashed somewhat by the receipt of a press dispatch from Chihuahua quoting an official dispatch to the effect that fighting continues fiercely at Gomez Palacio. The rebels are said to have captured the stone railroad roundhouse and to be fighting from it. The rebels claim that the federal dead number 700. No report as to their own losses has been made public, but it is learned that they have at least eighty wounded.

It had been announced officially that Gomez Palacio was taken and that General Villa had ordered supplies sent direct to that city.

Reports Cause Joy.

Next came word that General Eugenio Aguirre Benavides had captured two federal castrates in Torreon itself. This information was conveyed in a private telegram from Colonel Trevino, one of General Benavides' staff officers, to his brother in Juarez. At this there was further joy, but it was nothing to the excitement occasioned when General Manuel Chao, military governor of the state of Chihuahua, and now in this city to greet General Carranza, received a private report that General Velasco, the federal commander at Torreon, had surrendered. General Chao accepted the report with reserve, however, and telegraphed to General Villa asking for confirmation or denial. After two hours he had received no reply.

The dispatch from Chihuahua had something of a dampening effect on the spirits of the rebels, and it gave rise to all manner of conjectures.

SPEER WILLING TO RETIRE

House Committee, However, Will Not Dismiss Charges Against Judge.

Washington, March 25.—The Webb subcommittee of the house judiciary committee intends to disregard the suggestion of a willingness of Judge Emory Speer to accept retirement from office on withdrawal of the charges against him.

The subcommittee is considering the evidence taken in Georgia and soon will be ready to formulate conclusions to report to the entire committee for its guidance in reporting recommendations to the house on the proposed impeachment.

Professor Otto Harnack Drowns.

Stuttgart, Germany, March 25.—The body of Professor Otto Harnack, one of three celebrated brothers, was found in the Neckar river. The professor, who was connected with the school system here, had been missing for a month. It is supposed that he committed suicide during a mental breakdown.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Tongue Is Coated or If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Advertisement.

Depew Under Martial Law.

Depew, N. Y., March 25.—This village was placed under martial law, although the day had been one of the quietest since the strike at the Gould Coupler company's works began, two months ago. Crowds of strikers and their sympathizers who had gathered were dispersed and the soldiers were under orders to drive men from saloons whenever they thought trouble was brewing.

Rev. John R. Ellis Is Suspended.

Indianapolis, March 25.—The Rev. John R. Ellis, former pastor of the First Presbyterian church at Bloomington, Ind., has been suspended as a minister of the church by a commission of the Indiana presbytery. He was found guilty of charges which concerned a number of women of Bloomington.

Municipal Saloon Pays Big Dividend.

Pierre, S. D., March 25.—Over \$10,000 clear profit for less than a year of operation is the report of the citizens' committee of Sisseton, which has charge of the financial management of the only saloon allowed in the place.

Lincoln Relics Bring \$50,000.

New York, March 25.—Henry E. Huntington has begun a collection of Lincolniana by buying from George D. Smith the Ward Hill Lamson documents for \$50,000. Mr. Lamson was Lincoln's law partner.

Site of Dyca Taken for Homesteads.

Seattle, March 25.—The site of Dyca, Alaska, which in the days of the Klondike boom had a population of 20,000, has been filed on as farming land by three homesteaders.

STOP CATARRH?

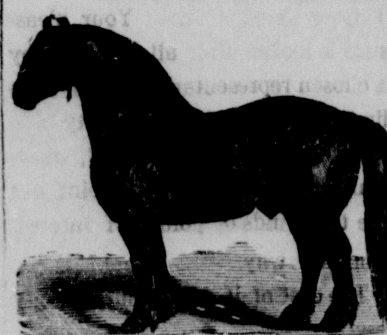

Use Hyomei—You Breathe It.

Unless properly treated this disease often leads to a serious if not fatal ailment. It is needless to allow catarrh to ruin your health—use Hyomei—it is certainly effective relief for catarrh of the nose. It's the direct-to-the-spot treatment. You breathe it—no stomach dosing. No household should be without Hyomei. It not only gives quick and lasting benefit in cases of catarrh but is one of the surest and most pleasant treatments for head colds, sniffles, or croup of children.

Hyomei is a combination of antiseptic oils—you breathe it—using a small inhaler. The air laden with health-restoring Hyomei soothes, heals and vitalizes the sore, raw and inflamed membrane of the breathing organs almost immediately. There is no other remedy that benefits so surely or so quickly. Money refunded by the Orear-Henry Drug Co. if you are not satisfied.

Do not be without Hyomei another day. Druggists everywhere sell it. Get the complete outfit—\$1.00 size—contains the inhaler and bottle of liquid.

FIFTEEN BUSINESS DAYS UNTIL EASTER

A DEMONSTRATION OF OUR ABILITY TO COMBINED STYLE, QUALITY AND PRICE IN HATS.

THIS week we are showing a most complete assortment of the new models in Hats. All the styles which Fashion has approved, have been grouped in our Hat Shop, and they are ready for your inspection.

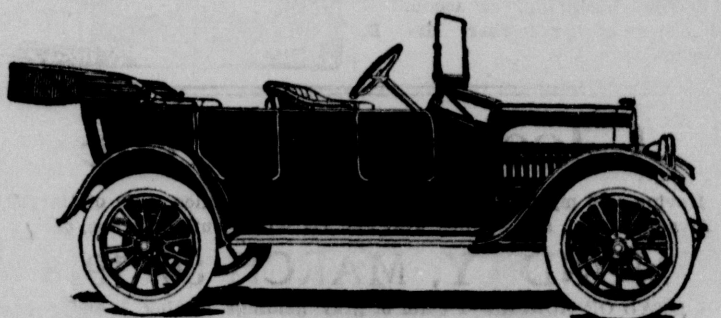

We planned this before-Easter showing to demonstrate our ability to combine the newest styles in Hats, trimmed with the best quality of materials, at moderate prices. This is a "value" showing and we believe it surpasses any previous effort we have held.

Particular attention has been paid in selecting Hats that are suitable for every type, and the showing was made large enough so that every individual idea could be met.

Your Easter Hat is here. Choose it this week while our showing is replete with newness.

MASKED MEN ATTACK CAPTAIN ADAMS

President of Failed Superior Bank Shot in Head.

Superior, Neb., March 25.—Captain Claire E. Adams, president of the First National bank of this city, which recently failed, was attacked by two masked men and shot twice in the head. He struggled with his assailants and was able to draw his own revolver and fire three times at them, and then to walk with assistance three blocks to his home, where he fainted. The wounds were found to be superficial.

Since the failure of the bank, Captain Adams has been in receipt of a number of threatening letters and he only recently decided to arm himself. As he was three blocks from his home two men jumped at him from an alley in the darkest part of the street. They started to administer a beating when Captain Adams drew his revolver and began firing. One of the assailants fired in return.

On the spot after the attack two revolvers and a home-made mask were picked up. There is nothing to indicate that the men making the attack were hit.

Captain Adams is one of the pioneer residents and business men of southern Nebraska. He has long been prominent in political and Grand Army of the Republic circles, and was a candidate for commander in chief of the National Grand Army of the Republic at its last meeting.

POLICE RAID COXEY'S "ARMY"

Canton Authorities Break Up Camp of 100 Wayfarers.

Canton, O., March 25.—Acting under orders from Mayor Charles Stolberg against the assembling of unemployed here for "General" Jacob S. Coxey's army, which is to start its second march on Washington, April 16, a detail of policemen raided an encampment of about 100 men just outside the city. Twenty-eight were arrested. The remainder of the army is now encamped three miles west of here. At most every freight train running through here during the last few days has brought one or more additions to the Coxey army.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded \$235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see

CHICKEN CHATTER

WHAT T. E. QUISENBERRY WRITES TO THIS PAPER.

TO HAVE 'ROOSTER' DAY

Poultry Raisers of Missouri Can Now Go to School and Stay at Home at the Same Time.

T. E. Quisenberry, director of the Missouri poultry experiment station, Mountain Grove, Mo., writes:

Now that "Hen day" is past, the next big day in the poultry world will be "Rooster day," which will be observed on Saturday, June 6th. "Swat the Rooster" will be the slogan on Rooster day. The rooster is the direct cause of a loss to Missouri farmers and poultry raisers alone of fully three million dollars every summer, a loss that could be prevented by the simple expedient of getting rid of the adult male birds as soon as the hatching season is over. It is the fertile egg that spoils in hot weather. An infertile egg will keep for weeks, even when subjected to a high temperature for weeks at a time. A general observance of "Rooster day" throughout the state will make Missouri eggs sought after in the fancy egg markets of the world, and will add millions to the income of our poultry raisers.

Poultry raisers of Missouri can now go to school and stay at home at the same time. A complete correspondence course of twenty-four lessons in poultry husbandry is now offered by the state poultry experiment station to any resident of the state of Missouri. No charge is made for lessons, but a fee of \$7.50 cash in advance, or \$10 monthly payments of \$1 each, is made to cover the expense of grading the questions, taking care of the correspondence, etc. This is the most complete, thorough and practical course in poultry husbandry ever offered, and Missouri poultry raisers are fortunate in having access to it.

Millions of baby chicks die every summer, due to improper methods of feeding. Some of the most common mistakes in feeding are: Feeding too soon after hatching, feeding too freely, feeding wet feed or feed containing too much grit at the start instead of sand, etc.

The following is the most successful plan we have found thus far for starting baby chicks:

We sprinkle a little clover alfalfa, shredded alfalfa, fire-cut straw, or clean litter, free from must and mold, over the floor of the brooder or hover before the chicks are placed in it. We provide a small fountain of sour milk or buttermilk for at least the first half of the day, and water may be provided for the last half. If you cannot get the milk, then see that pure water is always before them. We prefer sour milk to sweet milk for the reason that much bacteria which we find in the intestinal tract cannot grow and develop in sour milk or buttermilk, but sweet milk hasn't this same effect. The chicks take to this as naturally as a baby takes to milk. The acid of milk aids digestion, kills bacteria, and has an appetizing effect. The chicks are not fed for forty-eight hours or more after they are hatched. Don't feed too soon. Give the chicks time to assimilate the yolk of the egg which contains enough food to last them several days.

Begin by feeding a mixture of two-thirds rolled oats and one-third wheat bran mixed with a small amount of charcoal. Oatmeal is the finest food known to give young animals. This is fed on a clean board or paper four or five times a day and only a small quantity fed at a time. Clean sand is given about the time the first feed is given, and no grit is given before. We think the sand is better to start chicks with than commercial grit, if it can be secured, and if not, then use fine commercial grit. Use the grit not too freely until chicks are at least ten days old. After the chicks are four days old and you have been feeding them rolled oats and bran for a day or two, we begin to add a little commercial chick feed to the above mixture and gradually increase this until the rolled oats and bran are eliminated from the first or grain feed. The rolled oats and bran are fed morning, noon and night, and a good grade of commercial chick feed is thrown into the litter between meals. This compels the little fellows to exercise, and they soon begin to scratch as vigorously as if they had been at it for many weeks. You can almost see them grow and develop, and become active and husky. At the age of four

or five days begin to feed a dry mush made as follows:

Two parts wheat bran.
One part shorts.
One part corn meal.
One part rolled oats or oatmeal.

To every hundred pounds of the above mixture we add a handful of fine charcoal, a handful of bone meal and a half pound of fine table salt, mixing it in thoroughly.

When the chicks are about six weeks old, their ration of chick feed and rolled oats can be gradually changed to cracked corn, wheat and kaffir corn.

STATE AUDITING LAW.

Gordon to Push Amendments to Statute That Has Saved the State a Half Million.

The new law empowering the state auditor to appoint special examiners to check up state institutions and county officers probably will be amplified by the next legislature. State Auditor Gordon said today the statute has saved to the state nearly \$500,000.

In his report to the next general assembly Mr. Gordon will recommend an amendment to the law providing for a uniform system of county books and records and requiring the accounts to be audited at least once every two years.

As the law stands an audit, with the exception of the books of the collector of revenue, can be made only on petition of 300 tax paying citizens.

Even with this limitation there are more calls for county audits than the six examiners can make. The examiners have audited the accounts of all except one of the state educational and eleemosynary institutions, and introduced a uniform system of accounts.

A law requiring a uniform system of keeping books and records in the counties will be recommended. Examinations show many diverse and cumbersome methods in vogue, making it difficult to check up.

The examinations have disclosed violations of the laws through ignorance or misconstruction of the statutes. Audits have been made by Mr. Gordon's accountants in the following counties: Douglas, Audrain, Howell, Jasper, Mississippi, St. Louis, Scott and Wright. In St. Louis county the amount found due the county and the state from present and previous county officers was in excess of \$500,000.

FEDERAL LAW IN FORCE.

U. S. Attorney Closes James E. Boggs, Circuit Clerk.

A number of duck hunters who are interested in the federal migratory bird law and who have been misled by statements in newspapers, appealed to Judge James E. Boggs, clerk of the circuit court, for an interpretation of the law, and as to whether it is being enforced by the federal government. Judge Boggs did not feel qualified to answer the questions and wrote Federal Attorney Francis M. Wilson at Kansas City. Mr. Wilson replied as follows.

Kansas City, Mo., March 21, 1914.—Mr. James E. Boggs, Columbia, Mo. Dear Sir: Replying to your letter of March 19th, I beg to advise that what is generally known as the "federal migratory game bird law" is in full force and effect. This being a regulation of the department of agriculture, violators of this law will no doubt be proceeded against by the request of that department—on information secured from its special agents whom, I understand, are actively investigating violations of this law—transmitted to the attorney general and by him conveyed to this office for official action. Yours truly,

FRANCIS M. WILSON,
United States Attorney.

MANY WILL WRITE

SCHOLARSHIPS TO BE OFFERED TO THOSE TAKING EXAMS.

TO BE HELD APRIL 10-11

Expected That 400 Will Take These Eighth Grade Examinations Given in Various Townships.

A number of scholarships will be offered to those who will write the eighth grade examination to be held in the various townships over the county on April 10 and 11. It is expected that 400 will take the examination. The one receiving the highest grade will have his choice of the scholarships, the second one the second choice and so on.

The scholarships are offered by the Maryville Conservatory of Music, Maryville Business college and the high schools of the county. The objects of the scholarships are to stimulate greater school spirit and encourage boys and girls to continue educational work beyond that given in the grades. The rural pupil who makes the highest average grade will receive the first choice of scholarships; the second, the second choice, etc.

The following scholarships are offered to rural pupils:

Four years free tuition in the Maryville high school.

Two years free tuition in the Maryville high school.

Fifty-five dollars free tuition in the Maryville Business college.

One term's free tuition in the Maryville Conservatory of Music.

Hopkins offers two scholarships to the pupils of Hopkins, Union, Independence and Atchison townships.

Two years free tuition in the high school for the pupil making the highest average grade.

One year's free tuition in the high school for the pupil making the second highest average grade.

Burlington Junction offers two scholarships to pupils of Nodaway, Green, Lincoln and Atchison townships.

Three years free tuition in the high school for the pupil making the highest average grade.

One year's free tuition in the high school for the pupil making the second highest average grade.

Parnell offers two years free tuition to the pupil of Independence township making the highest average grade.

Ravenwood offers two years free tuition to the pupil of Jackson township making the highest average grade.

Clearmont offers one year's free tuition to the pupil of Atchison township who makes the highest average grade.

Pickering offers two scholarships to the pupils of Union township:

Three years free tuition to the pupil making the second highest average grade.

One year's free tuition to the pupil making the second highest average grade.

Skidmore offers two one-year scholarships, one each for the boy and girl who make the highest average grade in Monroe township.

Graham offers two one-year scholarships, one each to the boy and girl who make the highest average grade in Hughes township.

A Correction.

In yesterday's Democrat-Forum mention was made that the Star moving picture theater was sold by John B. Cox to George Gordon of Davenport, Ia. It should have been that the theater was sold by Mrs. Floyd Miller to Mr. Gordon, as Mrs. Miller has been the owner of the theater. Mrs. Miller's father, John B. Cox, is the owner of the building where the theater is located. The Star theater has been opened since last July and has shown excellent pictures.

Byron Rhodes and Glade Bradley were business visitors in Albany Wednesday.

A BUILDING BOOM

IN MARYVILLE THIS SPRING AND SUMMER.

MANY GOING TO BUILD

Contractors Are Expecting Many Fine New Houses to Be Erected Within the Next Few Months.

The indications are that there will be a building boom in Maryville this spring and summer, as at this time there are a number who have let their contract or are contemplating building. The contractors say that this is a little early in the season, and if they are so many now the chances are that there will be more residences go up this year than there have for several years past.

More residences are needed in this city. People who are wanting rented property are unable to get it here, and there have been any number of families who wished to live in Maryville that had to go elsewhere on account of not finding modern houses to rent.

All of the contractors are figuring on a busy building season.

The following are a number who have either let their contract or are figuring strongly on building this spring:

Harold Bellows, a \$4,000 residence with modern improvements, on his farm, southwest of Maryville. The house will be built on the south side of the road.

E. D. Holmes, two residences on the Briggs lots, on East Seventh street, which he recently purchased, and also two residences on the old Parle property, on East Thompson street.

John C. White, a \$3,500 house on his farm, northwest of Maryville.

Joseph Everhart, a \$2,800 house on East Sixth street.

William Gray, a residence on West Fourth street, east of E. L. Ferritor.

Ed Fannon, a \$5,000 house on North Walnut street.

R. P. Hosmer, a \$4,000 house on West Third street.

Mrs. Lincoln Hook, a residence on South Main street, south of Mrs. Mary Keeler.

Alex Gray, a \$3,000 house north of the city.

Dr. A. B. Allen, a \$2,000 residence on the Prather lot on West First street, which he recently purchased.

Ed Otis, two residences on Dewey street, between First and Second.

Irvin Bartram, a \$4,000 house on the corner of Market and Edwards streets.

Emmett Scott, a \$2,500 house on North Fillmore street.

Leonard Epperson, one mile south of town, a \$2,500 house.

E. E. Bolin, eight miles south of town, is going to extensively repair his house.

P. M. Compton, a \$4,500 house on North Main street, south of Henry Wright.

Prompt Insurance Payment.

Raines Brothers have had opportunity to test the word of an insurance company, and to their entire satisfaction, too. On the 23d day of February last Mr. H. L. Raines sold a watch to O. W. Hawk of Parnell. As a little work was to be done on the watch Mr. Hawk went home that day and Mr. Raines sent the watch to him later. On the 9th day of March Mr. Raines received word from Mr. Hawk saying he had not received his watch. Mr. Raines reported the loss to the Insurance Company of North America, in which the watch was insured when sent to Mr. Hawk, and tracers were set to work at once to find it, but it was not found. On Monday, March 23, the insurance company sent a check for the value of the watch to Mr. Raines through the Sisson Land, Loan and Title company, who had written the insurance for Mr. Raines.

Mrs. Frank Reavis and son and Miss Coga Thummell went to Parnell Wednesday on a visit to Mr. and Mrs. A. A. Thummell.

A. J. Conley of Chicago was a city visitor Wednesday.

GOT A HEAVY FINE.

Charles Bramble Given \$100 Fine for Molestation—Was Then Paroled If He Would Leave City.

Charles Bramble was up again before Mayor Robey this morning. The charge was molestation, and Mayor Robey gave him a fine of \$100 and costs. Bramble being unable to pay the fine was paroled on condition that he would stay away from Maryville for a year. He did not know this afternoon whether to accept the parole. If he doesn't he will work for the city for the next few months.

ANOTHER COMMON ASSAULT CASE

Took Place at Guilford on the Same Day and Circumstances Identical With Elmo Case.

This is certainly a coincidence. There was a common assault case at Guilford last Thursday, on the same day as there was a common assault case at Elmo. The circumstances of the trouble were identical, the weapons used were the same and the trouble took place about the same time. The parties are of about the same age.

The Guilford case was that of Scott Cogdill, charged with making an assault on Jacob M. Clemmens. A hammer was used, it is said. The Elmo case was that of Charles Wood being arrested, charged with common assault, I. M. Morgan being the prosecuting witness. A hammer was used, it is said, in that case.

Cogdill gave bond for \$200 for his appearance at the April term and so did Wood.

EVERHART SALE CALLED OFF.

Case of Scarlet Fever Causes Postponement of Sale Indefinitely.

Joseph Everhart of Pickering, who announced his sale for March 30, has called it off indefinitely.

When Mr. Everhart came to Maryville Tuesday afternoon to make further arrangements in regard to his sale, he was told of the illness of his daughter, Miss Minnie Everhart, a Normal student, who was taken with sickness that afternoon at the home of D. H. Anderson. The physician summoned pronounced it scarlet fever. Mr. Everhart phoned the news to Mrs. Everhart at once, and she went to work at once to prepare a room for her during her illness of the fever, and Mr. Everhart took his daughter home in his car Tuesday evening. They had scarlet fever in their family several years ago and are not afraid of the disease, as they know how to care for it.

Mr. Everhart came to The Democrat-Forum office Tuesday afternoon to stop the advertisement of his sale, but was too late, as the paper was being printed.

A phone message Wednesday afternoon from the Everhart home to The Democrat-Forum assures us that Miss Everhart is doing nicely. She ate heartily of breakfast and is employing herself with fancy work.

POLITICAL NOTES.

(From Democratic Press Bureau.)
Lost, strayed or stolen, the man who knew that prices of farm products would drop with McGinty to the bottom of the sea just as soon as the robber tariff barons were made to let loose their grip upon the throat of the American consumer. The tariff law is months old and prices are still soaring. Why a Missouri hen sold for \$500 the other day. Mules bring \$500 and \$600 a pair, hogs go at 8 cents a pound, a load of fat Monroe county cattle brought \$138.85 per head last week, and everything else in proportion. Guess Old Calamity Howler must have gone into his hole and pulled the hole in after him.

Ex-President Taft says that Wilson and the Democrats are carrying out their promises so well that the party will probably be continued in power indefinitely. He pays a tribute of high praise to congress and the president, all of which means that Taft has his ear close to the pulse beat of the American people.

Judge Norton says that the Republican elephant is dead, but that it is his understanding that it is still masquerading round on earth in order to save funeral expenses. Since Stifel has been sued for the dying expenses of the elephant there is no one to guarantee the decent interment of the beast.

Mrs. Madie Johnson of Hopkins was taken to Ensworth hospital at St. Joseph Wednesday morning by her physician, Dr. Charles Kirk.

Mrs. Will Derickson and daughter of Blanchard, Ia., were in Maryville Wednesday on their way to Bedford, Ia., to visit Mrs. Derickson's daughter, Mrs. C. E. Anderson.

F. A. CHANEY DEAD

PASSED AWAY AT 1:30 O'CLOCK WEDNESDAY.

WAS SICK TWO MONTHS

A Business Man of Hopkins For Past Fifteen Years and Held in High Esteem by All.

Frank A. Chaney, for the past fifteen years a leading business man of Hopkins, died at 1:30 o'clock Wednesday afternoon at his home in East Hopkins, after an illness of two months.

The funeral arrangements have not been completed as word is being waited for from relatives at a distance.

Mr. Chaney was 45 years of age. He was a son of the late David L. Chaney, a prominent educator of Northwest Missouri and a former superintendent of the Maryville public schools. He attended the high school in Maryville during his father's service as superintendent. With the exception of that time in the Maryville schools, his entire life was spent in Hopkins. He was always in favor with everyone, and during the fifteen years he had engaged in the grocery business in his home town, he was held in the highest esteem by his fellow business men. He is survived by his wife and four children. His eldest son, Glenn Chaney, is a traveling salesman for Nave-McCord of St. Joseph; and the other children are Fern, Linn and Phil, at home. His mother, Mrs. D. L. Chaney, also survives with six brothers and four sisters.

Owner of Building.

John K. Sawyers has purchased the interest of A. O. Mason in the brick building on North Main street, north of the postoffice. Mr. Sawyers is now the entire owner of the building. The John J. Hall implement store is located in that building.

Will Install the Officers.

John W. Platt of St. Joseph, district deputy grand exalter ruler of the Elks, will visit the Maryville lodge on Tuesday evening, April 7, and will install the new officers of the lodge.

YOUTH IN OLD AGE.

Possible With Proper Care.

A few generations back a man at 50 was considered old, gray-bearded, and waiting for death. Note the change today; at a meeting of the Medico-Legal society it was stated that a man of 50 ought to have forty good years ahead of him, and thus at 90 he is in the fullness of maturity.

What if you have seen sixty, or even seventy birthdays—temperate habits, fresh air and exercise, with a simple diet and a sufficient amount of sleep will guard your health.

If perchance your circulation is poor, if you become run down—weak and no appetite—nothing in the world will tone up those tired back-sliding organs—enrich the blood and create strength so quickly as our delicious cod liver and iron tonic, Vinol.

We ask every feeble, discouraged old person in this vicinity to try Vinol on our agreement to return their money if it fails to give satisfaction. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

Miss Blanche Hart Married.

Married, at the Methodist parsonage, in Creston, Ia., March 18, at 4 p. m., Miss Blanche Hart and George Dougherty, both of Bedford, Ia. After a short visit at the home of Mr. and Mrs. Harrison, the happy couple returned to Bedford, where they are now at home on a farm near that place. The bride has recently spent some time visiting at the homes of Mrs. Hattie Hogue of this city and Mr. and Mrs. J. H. Carmichael, near Pickering.

Will Soon Be "At Home."

Mr. and Mrs. Will Bainum will soon be at home to their friends on his farm, five miles north of Maryville, two miles from the home of his parents. Mrs. Bainum was Miss Ruth Tiffany of Cleveland, O. Their marriage occurred Wednesday, March 11, at the home of her parents. Their acquaintance began in Cleveland four years ago, when Mr. Bainum went to that city, following his course at the Missouri state university, where he served three years as assistant civil engineer for the Nickel Plate Railway company.

Mrs. Massie Hostess.

The L. I. club was entertained Thursday afternoon at the home of Mrs. S. G. Massie. Roll call was responded to with quotations from the Bible. Mrs. J. Ringgold was leader of the study for the afternoon, "Women in Literature"—(a) Carey and Wolcott; (b) Stowe and Jackson. During the business session it was decided to retain the old officers, Mrs. Blackney was appointed corresponding secretary, and dues were set apart for 1914 membership in M. F. W. C. A demonstration in cake and doughnuts was given by Mrs. Massie and Mrs. Fakes. A dainty luncheon was served.

Entertained a Number of Friends.

Mr. and Mrs. C. G. Swinford entertained a number of friends Sunday in honor of Mrs. Swinford's brother and his wife, Mr. and Mrs. James E. Heflin of Portland, Ore. Mr. Heflin left Nodaway county forty-two years ago in December and went to Portland six years ago in May. Mr. and Mrs. Heflin came from Kansas City to Mr. Swinford's Tuesday. They will visit in Maryville this week and expect to start on their return to Portland next Monday. The guests entertained by Mr. and Mrs. Swinford were Mr. and Mrs. George Porterfield, Mr. and Mrs. Omar Strong, Mr. and Mrs. Joe Akin of Orsburg, Mr. and Mrs. C. G. Swinford, Jr., and daughter, Hiram Heflin, W. R. Closser of Kansas City, Mr. and Mrs. E. C. Swinford and children of Bedford and Ethel Swinford.

SEVEN HUNDRED FEDERALISTS DEAD

No Report Made Public of Losses of Insurgents

BATTLE CONTINUES AT GOMEZ

Official Dispatch Received at Chihuahua Says Fighting Is Still On—Follows Rumors of Victory and Dampens Juarez Enthusiasm.

Juarez, Mex., March 25.—Reports of the onward sweep of General Francisco Villa and his victorious rebels kept this city in a state of gratified excitement, but the optimism was dashed somewhat by the receipt of a press dispatch from Chihuahua quoting an official dispatch to the effect that fighting continues fiercely at Gomez Palacio. The rebels are said to have captured the stone railroad roundhouse and to be fighting from it. The rebels claim that the federal dead number 700. No report as to their own losses has been made public, but it is learned that they have at least eighty wounded.

It had been announced officially that Gomez Palacio was taken and that General Villa had ordered supplies sent direct to that city.

Reports Cause Joy.

Next came word that General Eugenio Aguirre Benavides had captured two federal quartets in Torreon itself. This information was conveyed in a private telegram from Colonel Trevino, one of General Benavides' staff officers, to his brother in Juarez. At this there was further joy, but it was nothing to the excitement occasioned when General Manuel Chao, military governor of the state of Chihuahua, and now in this city to greet General Carranza, received a private report that General Velasco, the federal commander at Torreon, had surrendered. General Chao accepted the report with reserve, however, and telegraphed to General Villa asking for confirmation or denial. After two hours he had received no reply.

The dispatch from Chihuahua had something of a dampening effect on the spirits of the rebels, and it gave rise to all manner of conjectures.

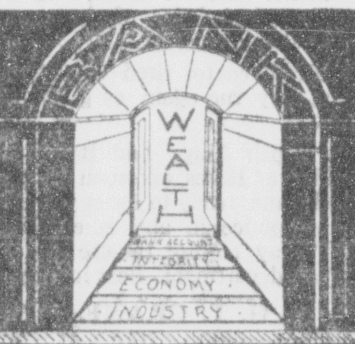

SPEER WILLING TO RETIRE

House Committee, However, Will Not Dismiss Charges Against Judge.

Washington, March 25.—The Webb subcommittee of the house judiciary committee intends to disregard the suggestion of a willingness of Judge Emory Speer to accept retirement from office on withdrawal of the charges against him.

The subcommittee is considering the evidence taken in Georgia and soon will be ready to formulate conclusions to report to the entire committee for its guidance in reporting recommendations to the house on the proposed impeachment.

Professor Otto Harnack Brown's son, Stuttgart, Germany, March 25.—The body of Professor Otto Harnack, one of three celebrated brothers, was found in the Neckar river. The professor, who was connected with the school system here, had been missing for a month. It is supposed that he committed suicide during a mental breakdown.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Tongue Is Coated or If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Advertisement.

Depew Under Martial Law.

Depew, N. Y., March 25.—This village was placed under martial law, although the day had been one of the quietest since the strike at the Gould Coupler company's works began, two months ago. Crowds of strikers and their sympathizers who had gathered were dispersed and the soldiers were under orders to drive men from saloons whenever they thought trouble was brewing.

Rev. John R. Ellis Is Suspended.

Indianapolis, March 25.—The Rev. John R. Ellis, former pastor of the First Presbyterian church at Bloomington, Ind., has been suspended as a minister of the church by a commission of the Indiana presbytery. He was found guilty of charges which concerned a number of women of Bloomington.

Municipal Saloon Pays Big Dividend.

Pierre, S. D., March 25.—Over \$10,000 clear profit for less than a year of operation is the report of the citizens' committee of Sisseton, which has charge of the financial management of the only saloon allowed in the place.

Lincoln Relics Bring \$50,000.

New York, March 25.—Henry E. Huntington has begun a collection of Lincolniana by buying from George D. Smith the Ward Hill Lamson documents for \$50,000. Mr. Lamson was Lincoln's law partner.

Site of Dyea Taken for Homesteads.

Seattle, March 25.—The site of Dyea, Alaska, which in the days of the Klondike boom had a population of 20,000, has been filed on as farming land by three homesteaders.

STOP CATARRH?

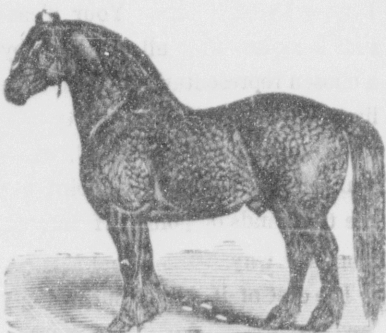

Use Hyomei—You Breathe It.

Unless properly treated this disease often leads to a serious if not fatal ailment. It is needless to allow catarrh to ruin your health—use Hyomei—it is certainly effective relief for catarrh. It's the direct-to-the-spot treatment. You breathe it—no stomach dosing. No household should be without Hyomei. It not only gives quick and lasting benefit in cases of catarrh but is one of the surest and most pleasant treatments for head colds, sniffles, or croup of children.

Hyomei is a combination of antiseptic oils—you breathe it—using a small inhaler. The air laden with health-restoring Hyomei soothes, heals and vitalizes the sore, raw and inflamed membrane of the breathing organs almost immediately. There is no other remedy that benefits so surely or so quickly. Money refunded by the Ocean-Henry Drug Co. if you are not satisfied.

Do not be without Hyomei another day. Druggists everywhere sell it. Get the complete outfit—\$1.00 size—contains the inhaler and bottle of liquid.

FIFTEEN BUSINESS DAYS UNTIL EASTER

A DEMONSTRATION OF OUR ABILITY TO COMBINED STYLE, QUALITY AND PRICE IN HATS.

THIS week we are showing a most complete assortment of the new models in Hats. All the styles which Fashion has approved, have been grouped in our Hat Shop, and they are ready for your inspection.

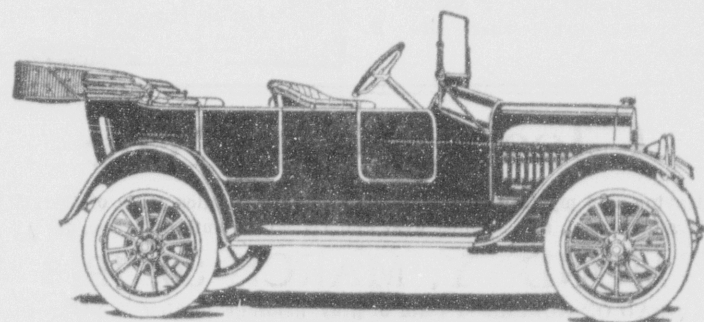

We planned this before-Easter showing to demonstrate our ability to combine the newest styles in Hats, trimmed with the best quality of materials, at moderate prices. This is a "value" showing and we believe it surpasses any previous effort we have held.

Particular attention has been paid in selecting Hats that are suitable for every type, and the showing was made large enough so that every individual idea could be met.

Your Easter Hat is here. Choose it this week while our showing is replete with newness.

MASKED MEN ATTACK CAPTAIN ADAMS

President of Failed Superior Bank Shot in Head.

Superior, Neb., March 25.—Captain Claire E. Adams, president of the First National bank of this city, which recently failed, was attacked by two masked men and shot twice in the head. He struggled with his assailants and was able to draw his own revolver and fire three times at them, and then to walk with assistance three blocks to his home, where he fainted. The wounds were found to be superficial.

Since the failure of the bank, Captain Adams has been in receipt of a number of threatening letters and he only recently decided to arm himself. As he was three blocks from his home two men jumped at him from an alley in the darkest part of the street. They started to administer a beating when Captain Adams drew his revolver and began firing. One of the assailants fired in return.

On the spot after the attack two revolvers and a home-made mask were picked up. There is nothing to indicate that the men making the attack were hit.

Captain Adams is one of the pioneer residents and business men of southern Nebraska. He has long been prominent in political and Grand Army of the Republic circles, and was a candidate for commander in chief of the National Grand Army of the Republic at its last meeting.

POLICE RAID COXEY'S "ARMY"

Canton Authorities Break Up Camp of 100 Wayfarers.

Canton, O., March 25.—Acting under orders from Mayor Charles Stolberg against the assembling of unemployed here for "General" Jacob S. Coxe's army, which is to start its second march on Washington, April 16, a detail of policemen raided an encampment of about 100 men just outside the city. Twenty-eight were arrested. The remainder of the army is now encamped three miles west of here. At most every freight train running through here during the last few days has brought one or more additions to the Coxe army.

Facts About Western Canada

The farmer of today is recognized as a business man and puts himself on the pay roll at a salary beyond the dreams of the average man in the city, and he pays dividends on his investment.

Nowhere is he in a better position to realize the full profit of this condition than in Western Canada, with the rich productive soil at small cost and splendid markets; realizing from 40 to 100 per cent on his investment and obtaining the independence that cannot belong to any other business man.

The 433,000,000 bushel grain crop of Saskatchewan and Alberta yielded \$235,000,000 to the farmers last year. This represents the partial yield of less than 15 per cent of the available land under cultivation. Millions upon millions of acres of the finest arable land in the world awaits the plough—YOUR PLOUGH.

The annual increase in the world's population establishes an ever-growing market, and nowhere can you find more ideal conditions for grain raising than Western Canada affords. Grain growing, however, is but one item in the success of the Canadian farmer.

Our first excursion to this country of opportunity will be April 7th. For rates and terms see
